Company Profile

The main role of an Indian Woman is to keep everyone in the house happy, her husband, her kids, in-laws, and what's better way than cooking their favourite dishes

Since 1974, Anjali has been helping Indian woman to bring a happiness to their families by offering the world-class kitchen appliances that minimize time and improves efficiency.

It is the woman or taste of the food that makes a kitchen, but a kitchen is definitely incomplete without Anjali Appliances.

Established in 1974 by Late Shri Atmaramji Patel, Anjali pioneered the design and manufacture of kitchenwares in India. Our commitment to quality and continuous strive for improvement has made Anjali the undisputed leader in the Indian market.

Anjali understands the art and the intricacy of cooking and delivers superior products with leading-edge design for the modern kitchens of today, that reflect your tastes, fit your lifestyle and your budget.

This products is manufactured at Soni Steel & Appliances Pvt. Ltd., Daman, an ISO 9001-2008 certified company with ISI mark quality on products.

Indulge in the pleasures of cooking with Anjali. It is a one stop home solution offering over 450 products of world class quality that make cooking easy and a pleasurable experience.
